

ENVIRONMENTAL, OCCUPATIONAL HEALTH AND SAFETY POLICY

As Çelik Halat ve Tel Sanayii A.Ş.; in all our activities, it is our primary goal to develop and improve our work on this subject without causing negative effects on the environment and human health.

It is the primary duty of our managers to keep the environmental and occupational safety awareness of our employees, subcontractor employees, suppliers, interns and visitors constantly high, and to ensure that they are informed about possible hazards and impacts upon their entry to the business.

- ⊗ We fulfill the legal and other requirements regarding the environment, occupational health and safety.
- ⊗ We predetermine and define the environmental effects, all kinds of hazards, situations that may lead to work accident or occupational disease arising from the activities carried out in our business. We make an effective risk analysis to prevent possibilities. We constantly review our relevant documents and ensure that they are up-to-date.
- ⊗ In a way to consume as little as possible; We use energy and natural resources. We use new technologies to achieve this.
- ⊗ We prevent pollution at its source and reduce environmental risks.
- ⊗ By reducing the wastes generated as a result of our activities at the source as much as possible; We ensure the recycling, recovery and disposal of waste in a way that does not harm nature.
- ⊗ We analyze the environmental dimensions and impacts in the life cycle.
- ⊗ We aim to create a culture of environment, occupational health and safety and make it a lifestyle.
- ⊗ We prepare for dangerous situations. We train our employees to avoid emergencies and to minimize their effects and risks when they do occur. We raise awareness with exercises. When necessary, we inform our close neighbors and the community.
- ⊗ We use new technologies to produce products that do not harm the environment and human health. In this way, we constantly improve ourselves.

In this direction, we undertake to provide the necessary cooperation for our employees, suppliers and customers to fully and completely fulfill their duties.
